Sub.- Introduction of new courses/vocational courses including Self Financing Courses.

Sir/Madam.

It has been observed that the Universities are introducing new courses/vocational courses including Self Financing Courses without prior permission/approval of Hon'ble Chancellor. Hon'ble Chancellor has taken it seriously and desired that the Universities should not start new courses and admit students in those courses even if those are Self Financing Courses in anticipation of the approval of Hon'ble Chancellor. The Universities must invariably obtain prior approval of the Chancellor to the related Ordinance and Regulation for all such courses to be newly started and only thereafter, they may take steps for admitting students in those courses. Moreover, submission of the details on infrastructural amenities available for conducting such courses with the Universities must be taken to be a sine qua non for submitting any such new proposals.

It is therefore, requested that the aforesaid direction of Hon'ble Chancellor be henceforth adhered to by all concerned before start/introduction of new courses including Self Financing Courses.

Yours faithfully,

(Gangadhar Prasad)
Officer on Special Duty (Jld.)
